
New Laws Provide Clarification for Medical Marijuana Patients, Caregivers and Provisioning Centers

By Kenneth P. Lane / Sep 22, 2016

On September 21, 2016, Governor Snyder signed a three-bill package to clarify the state's voter-approved medical marijuana law adopted in 2008. House Bills 4209, 4210, and 4827 authorize cities, townships and villages to permit and regulate the location and number of medical marijuana provisioning centers by local ordinance. Additionally, the bills allow marijuana-infused products and create a "seed-to-sale" tracking system to ensure that any marijuana being dispensed to patients has been tested. The bills take effect in 90-days and are now Public Acts 281-283 of 2016.
